BREADTH FIRST OR DEPTH FIRST?

Theory "v/s" Practice

Theory "v/s" Practice

If you find that you're spending almost all your time on theory, start turning some attention to practical things; it will improve your theories.

If you find that you're spending almost all your time on practice, start turning some attention to theoretical things; it will improve your practice.

Theory "v/s" Practice

If you find that you're spending almost all your time on theory, start turning some attention to practical things; it will improve your theories.

If you find that you're spending almost all your time on practice, start turning some attention to theoretical things; it will improve your practice.

Donald Knuth

Come to terms with your limitations.

Come to terms with your limitations.

Research can be a very social activity.

Come to terms with your limitations.

Research can be a very social activity.

Eccentricity is NOT a pre-requisite :)

Come to terms with your limitations.

Research can be a very social activity.

Eccentricity is NOT a pre-requisite :)

There'll be plenty of room for other interests.

It's a lot of work...

It's a lot of work...
... AND A LOT OF FUN!
